AN OUTPOURING OF CUBANS

Honor Paid to General Maximo Gomez.

INTERFERENCE BY POLICE

Jeered and Frightened by the Populace—The Crowd Charged by Regulars and the Police Run—Cuban Officers Adhere to Gomez—The Assembly Guarded by Cavalry—Denounced as a Lie.

(By Telegraph to Virginian-Pilot.)

Havana, March 13.—(Federico Mora, Civil Governor of Havana, when he learned this morning of the preparations for an outpouring of people in honor of General Gomez, directed the police to prevent the parade. They tried to do so. Chief of Police Menocal, with his mounted inspectors and policemen by twos and threes, attempted to turn back the various societies that were marching toward Quinta de Los Molinos, the residence of Gomez. At first little attention was paid to these efforts. When a policeman seized a flag or made an individual arrest, the others in the line would simply march on, jarring and yelling: "Down with the police," "Long live Gomez," "Death to the Assembly."

POLICEMAN THOROUGHLY SCARED.

Colonel Raoul Arango, an inspector, took a flag away from an American who was parading. Immediately surrounded by a menacing crowd, he clubbed one of the demonstrators till the blood flowed. Then, dismayed by the savage yells of the wounded man's companions, he withdrew to another point. Chief Menocal was mocked by the crowd in the Tacón walk. When near Quinta de Los Molinos, the demonstrators began to shove the policemen, pulling their coats and attempting to take away their clubs. There were more than a hundred policemen within ten blocks, but they did not act together. Indeed they were thoroughly scared, and one policeman ran to Central Park, where the Tenth regulars were camped.

CHARGED BY REGULARS.

The Twentieth regulars, who were sent at double quick, with fixed bayonets, to protect the policemen, charged down upon a crowd of a thousand. Everybody ran, including the police, and men, women and children tumbled over each other in the rush. Two minutes later the avenue was cleared for blocks, but not a person was hurt by the regulars.

MONEY FOR CUBANS.

General Gomez has not indicated to Governor-General Brooke whether he will go ahead with the distribution of the \$5,000,000, as if the military Assembly did not exist, although his disposition is to do so. If he decides so, the plans for distributing the money will be carried out as arranged before his deposition. He has an appointment with General Brooke for Wednesday, when the recent developments will be thoroughly discussed.

ADHERENCE TO GOMEZ.

Two telegrams were received at headquarters to-day from Cuban officers in the interior of the island, declaring their adherence to Gomez, and many other officers are expected to make him their representative, especially those outside the immediate personal influence of the generals who are members of the Assembly.

THE OLD HERO SPEAKS.

Havana, March 13.—While thousands of Cubans were demonstrating to-day in honor of Gomez, parading the streets, surrounding the Summer palace, listening to a speech by him and vociferously cheering his utterances, with co-mingled cries of "Death to the Assembly," this body, in a guarded house at El Cerro, two miles away, continued the abusive tirades of Saturday. General Sanguily, amid applause,

WILL MUSTER OUT VOLUNTEERS.

The War Department has determined to muster out and bring home all the volunteers in Cuba, with the exception of the volunteer engineers and immuners. The necessity for immediate action has been brought to the attention of the War Department on account of the quarantine regulations against Cuba, which go into effect about the 1st of May, and which are especially strict at all Southern ports. When the troops are brought to this country they must, under the law, be mustered out in United States camps, and they, no doubt, will be brought to camps nearest their homes. It is desired also to have them brought to places where fumigating can be done, and it is possible that troops for the Northern States may be brought to Montauk and Camp Wickett again to be established, although the present intention is to have all Northern troops sent to Camp Meade in Pennsylvania. The troops of North Carolina, South Carolina, Louisiana and Georgia will probably be brought to Savannah; the Texas troops to Galveston; and the Tennessee, Kentucky and Virginia troops to Old Point Comfort, Va.

called parts of the message of Gomez to the Cuban army and people, published yesterday, "deliberate lies."

WATCHED BY CAVALRY.

At 1 o'clock a heavy Cuban guard was placed near the house and the roads leading to it were watched by Cuban cavalry for the purpose of preventing the collection of large bodies. The Assembly opened at half past 2. General Lacroix deployed the presence of the armed guard, saying that the Assembly had nothing to fear from the people of Cuba, and that if the people wanted to do its members injury the shame was theirs. He then proceeded to state the grounds for the resignation of Senor Mayo as vice president of the Assembly, reading the latter's letter of resignation. Senor Clamero was elected to succeed the retiring vice president. In acknowledging the election Senor Clamero referred to the "miserable" \$5,000,000 which the United States has offered.

President Andrade called him to order, saying he could not permit him to speak disparagingly in a public session of the United States and President McKinley, to whom Cuba owed much.

A letter was read from General Mayia Rodriguez, supporting Saturday's action.

SENOR DE QUESEDA EXPELLED.

Then a motion was made declaring Senor Gonzalez de Quesada a "traitor to the Assembly," and an "accomplice of Gomez," and asking for his expulsion. It was unanimously carried by viva voce vote.

A committee of three was then appointed to draft an address to the Cuban people and army regarding Saturday's action of the Assembly with instructions to report at to-morrow's session.

DENOUNCED AS A LIAR.

Then followed speeches by Sanguily, Aguerro and Portuondo, all referring to the "lying statement" of Gomez and repeating the charges against him, made on Saturday. The general effect of their utterances was a justification of Saturday's proceedings—a claim that the Assembly was acting solely with a view of obtaining recognition of the just desire of the Cuban soldiers. All the speakers denounced "any misjudgment at the hands of the Cuban people."

Crystal hearts with a gem setting are worn for luck as a watch chain trinket. Coral above links mounted in silver are exceedingly chic for shirt waists. The fad for having huge pearl buttons to fasten the front has caused the statu match, that used to accompany all sleeve links, to fall into disuse.

Not one child dies where ten formerly died from croup. People have learned the value of One Minute Cough Cure and use it for severe lung and throat troubles. It immediately stops coughing. It never fails. Burrow-Martin Company.

The sets of pins in graduated size for the back of the skirt now come in a dainty white suede case accompanied by four tiny jeweled stick pins to pin the stock ribbon down all around.

As the season of the year when pneumonia, la grippe, sore throat, coughs, colds, catarrh, bronchitis and lung troubles are to be guarded against, nothing "is a fine substitute," will "answer the purpose," or is "just as good" as One Minute Cough Cure. That is the one infallible remedy for all lung, throat or bronchial troubles. Insist vigorously upon having it if "something else" is offered you.

One thinks there could be nothing new under the sun in silver hat pins. Yet these of a pretty shape in gunmetal finish, studded with small rose diamonds, are entirely novel.

"Give me a liver regulator and I can regulate the world," said a genius. The druggist handed him a bottle of DeWitt's Little Early Risers, the famous little pills. Burrow-Martin Company.

heretofore characterized him and made his personality and ability felt.

Upon the death of Professor John B. Minor, of the University of Virginia Law School, Mr. Dabney was mentioned as his successor and when the Board of Visitors met was unanimously chosen for this high post. He soon evinced those qualities of mind and the solid attainments which had won unsought, all the honors that had been bestowed upon him. Professor Dabney was a man of frail physique and for two or three years his health had been very delicate.

Some twenty years ago he married a daughter of the late Archibald Douglas, who died about two years ago. There are seven children, the oldest of which has not yet reached his majority.

THE BECKER CASE.

Moritz Becker, the Russian, whose family was recently deported to Russia by the New York Immigration Bureau, was before United States Commissioner Pleasant to-day, upon the charge of making false statements in connection with obtaining his naturalization papers and with obtaining his naturalization papers fraudulently.

Commissioner Pleasant decided to send Becker on to the grand jury, and required of him bail in the sum of \$1,000.

A plea was drawn up addressed to Judge Edmund Dwyer, Jr., representing that Becker was in the hands of the United States Marshal, whereby he was unjustly deprived of his liberty, and asking for a writ of habeas corpus to the end that he might be restored to his liberty and rights. The bail bond was reduced to \$500.

VIRGINIA LEUTENANTS.

A special from Washington to-day says:

The appointments of Second Lieutenants was made public this afternoon. Those from Virginia are John W. Daniel, Jr., now First Lieutenant Third United States Volunteer Engineers. Allen Smith, now First Lieutenant Seventh United States Volunteer Infantry, and Arthur M. Shipp, a graduate of the V. M. I., and John Fred. James, of Danville.

AGE BEFORE BEAUTY.

A social saying, but one that should be considered, especially in whiskies. Any chemist can make a beverage sold as whisky, that will look beautiful, but the strength and purity will be missing. What is needed in whisky, especially among invalids and persons suffering from debilitated stomachs, is absolute purity—in whisky, this comes not only from distillation, but from age. The G. O. TAYLOR Pure Rye and Bourbon Whiskies are seven summers old before they are bottled and sealed. Chester H. Wray & Sons, the bottlers of Boston, Mass., guarantee these whiskies to be absolutely pure, and they can be retained by the most delicate stomach. Physicians' prescriptions invariably call for these goods, and if you will sample them you will acknowledge that age comes before beauty, especially as regards whisky.

Dr. Wharton to Baltimore.
Rev. Dr. M. B. Wharton, of Freemason Street Baptist Church, preached in Baltimore yesterday. He left that morning for Graham, N. C., having been called to the latter place by sickness in his son's family. Mrs. Wharton left Norfolk on Graham Saturday evening.

To-day's Baltimore American says: "Rev. M. B. Wharton, D. D., pastor of the Freemason Street Baptist Church, of Norfolk, Va., brother of Rev. Dr. M. Wharton, pastor of Brantly Baptist Church, this city, occupied the pulpit of that church yesterday morning and evening and was greeted by a large congregation of the admirers of both distinguished clergymen—the one pastor of Brantly, and the other having been frequently tendered the pastorate in event of Dr. Wharton's resignation. The theme of Dr. Wharton's sermon was 'Christ, the World's Great Magnet.'"

All glasses prescribed by Dr. Week guaranteed. Examinations free. 310 Main street.

Spring Manufacture Destroyed.
Philadelphia, March 13.—The Charles Scott Company's spring works at 1023 New Market street were destroyed by fire this afternoon, entailing a loss of \$150,000. The other buildings, the hub works of John Buckley & Co., and the brass works of B. B. Hill, adjoining, were slightly damaged. The fire was the result of an explosion caused by the sudden immersing of a hot steel spring in a vat of oil.
